

Provider Technical Assistance and Intensive Technical Assistance

The Community Child Care Clearinghouse of Niagara provides technical assistance and intensive technical assistance to registered family child providers and staff, licensed group family child care providers and staff, registered school-age child care program staff, licensed day care center staff, legally-exempt child care providers and unregulated child care providers in Niagara County. The technical assistance services available can assist with individual program or provider needs. Technical assistance can be provided via phone, fax, email, postal mail, or in person at the Community Child Care Clearinghouse of Niagara office.
