## **MISSION STATEMENT**

NIAGARA COMMUNITY ACTION PROGRAM, INC. IS A COUNTYWIDE AGENCY DEDICATED TO REDUCING POVERTY IN A COLLABORATIVE EFFORT BY INITIATING AND CONDUCTING PROGRAMS OF SELF-SUFFICIENCY. OUR ULTIMATE GOAL IS TO EMPOWER INDIVIDUALS AND FAMILIES TO REACH THEIR FULLEST POTENTIAL.

## **AGENCY OVERVIEW**

### **WHAT IS NIAGARA COMMUNITY ACTION PROGRAM, INC.**

The Niagara Community Action Program, Inc., known locally as Niagara CAP, is part of a nationwide and statewide network of private, not-for-profit human service agencies that address the needs of the economically disadvantaged. The agency serves all of Niagara County from offices in North Tonawanda, Lockport, and a number of sites in the City of Niagara Falls.

Niagara County is located in the western portion of New York State. It is bordered to the north by Lake Ontario, to the south by Erie County, to the west by Canada and to the east by Orleans County. In Niagara County, there are three cities, twelve towns, five villages and the Tuscarora Indian Reservation. According to Census Data 2013 - 2018, Niagara County has a population of 212,675 (plus or minus) with 523 square miles of land, which 80% is considered agricultural. The number of individuals in poverty status is 28,070 of which 18.8% are children and 8.5% are senior citizens. The medium household income is \$37,473.

Niagara CAP was incorporated in October 1966. At that time, it was designated by the Niagara County Legislature as the county's official anti-poverty agency. Sole responsibility for governing the agency rests with its fifteen member tripartite Board of Directors. A tripartite board consists of equal representation from three sectors, public, private and community (low income). The agency currently operates with a 33 member staff supplemented by approximately 150 volunteers. *Niagara Community Action Program, Inc. is a countywide agency dedicated to reducing poverty in a collaborative effort by initiating and conducting programs of self-sufficiency. Our ultimate goal is to empower individuals and families to reach their fullest potential.*

#### **Summary of Programs and Services**

**Nutrition Outreach and Education Program:** The purpose of this program is to increase participation of eligible county residents in the food stamp program. This involves helping people with the preparation and submittal of applications.

**Clothing Distribution:** New and used clothing is received from local merchants and the general public and distributed at no cost to the needy. A "Professional Clothes Closet" is maintained to help clients dress appropriately for job interviews.

**The Weatherization Program:** This program assists families in reducing heat loss in their homes and apartments.

**The Rural Preservation Program:** has been developed to improve the housing conditions of economically disadvantaged rural residents in Niagara County by providing grants for home repair and renovation.

**Back Rent, Mortgage, Utility Assistance:** Niagara CAP provides financial support to families who need assistance in paying their rent, mortgage or utility bills.

**Fair Housing Advocacy:** Niagara CAP serves as Niagara County's Fair Housing Advocate. It is responsible for resolving complaints of discrimination in the sale or rental of housing.

**Family Development Training and Credentialing Program:** This course of study developed by Cornell University provides front-line workers with the skills and competencies to support families and individuals in attaining a healthy self-reliance and interdependence with their communities. Niagara CAP outreach workers are credentialed Family Development Workers.

Community Child Care Clearinghouse of Niagara: This program provides information on a variety of services needed by parents, child care providers, employers, and the general community. Parents are given information about licensed and registered child care centers and family child care homes. Providers can receive information, training, and technical support toward becoming officially registered family child care providers. Employers and the general public can receive information on registered and licensed providers in the county.

Child Care Registrar Program: This program provides for the registering of family child care homes and school-age child care programs located throughout Niagara County. The responsibilities of the registration monitors include processing initial child care applications and inspecting child care sites. They also investigate complaints, perform routine inspections, and process applications for re-certification. Under the Registrar Program, technical assistance is provided to child care providers on an as-needed basis.

Child and Adult Care Food Program is a federal program that provides reimbursements for meals served to children by child care providers who are licensed, registered, or informal. Meals served are nutritious and promote the health and wellness of children.

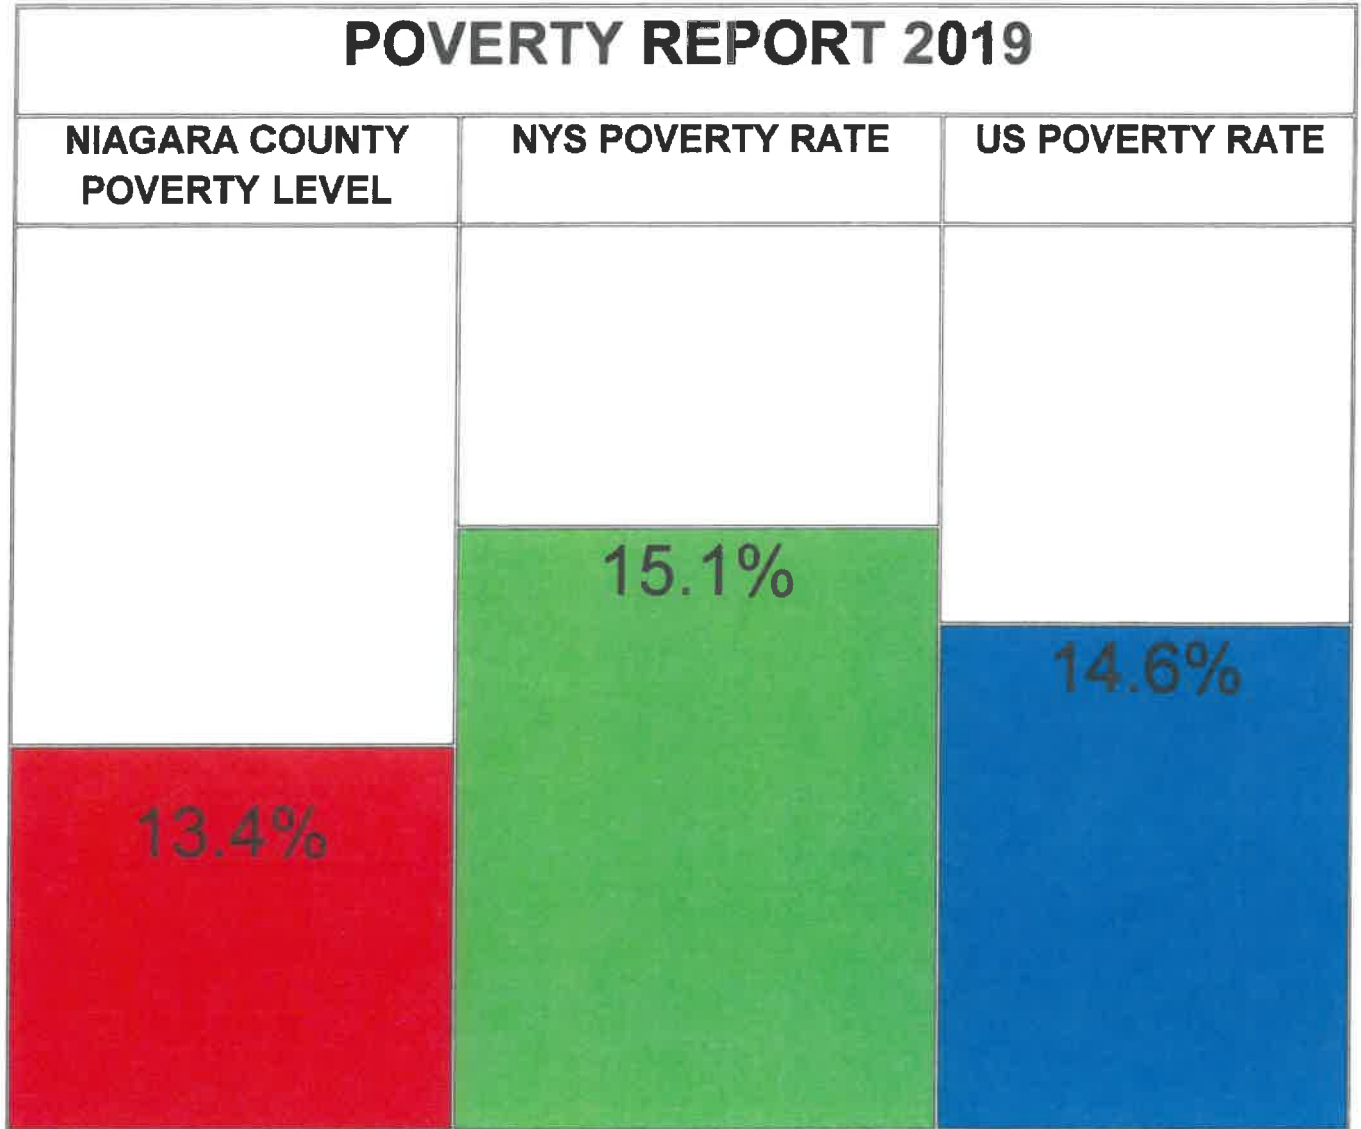

### **Description of Data from Needs Assessment**

To analyze our service area, Niagara Community Action Program, Inc. compiled 609 completed client, partnership/government officials, staff and board member surveys. The tallies were then graphed by number of answered questions in each specific area (not all clients answered all the questions on the survey) and compared to the Niagara County Census 2013 - 2018, and the New York State Community Action Association's Poverty Report 2019. The Niagara County Census 2013 - 2018 was tallied in percentages for each specific area in question, as well as, the New York State Community Action Association's Poverty Report results. The results from the agency surveys are divided into specific areas according to the questions from the survey. These areas are housing and energy, food and nutrition, health, transportation, children and youth, employment and income. Also, included in this report is the agency's mission statement, a map of the Niagara County service area, and an agency partnership referral listing. The referral listing identifies partners that refer clients to us or we refer to them for complementary services. Our partnerships in the community have allowed us to effectively meet the needs of the individuals and families throughout Niagara County. Follow-up is conducted by our staff with clients that are referred to a partner agency whenever possible.

- Neighborhood Outreach Centers provide emergency food, a clothes closet, budget counseling, asset management, and nutrition education.

**Accomplishing National Performance Indicators as follows:**

- SRV 5jj Food distribution(Food bags, Food share program, bags of groceries.
- FNPI 5f Help seniors 65+ maintain an independent living situation.
- FNPI 5a Help individuals demonstrate increased nutrition skills.
- FNPI 5b Help individuals demonstrate improved mental and behavioral health and well-being.

## Health Results

Over the last 12 months, clients report a household need:

45 Clients in need of medical care  
74 Clients in need of dental care  
37 Clients in need of prescription drugs  
29 Clients in need of mental health care

22 Households **do not** have health insurance

## Niagara Community Action Program, Inc. offers assistance by:

- Helping low income families obtain health insurance/health care services.
- Using discretionary funds/donations to help with needed prescription drugs or other types of emergencies.

Accomplishing National Performance Indicators as follows:

- FNPI 5b Individuals demonstrate improved physical health and well being.
- FNPI 5c Individuals demonstrate mental and behavioral health and well being.

## Transportation Results

Over the last 12 months, clients experienced:

72 Clients unable to afford gas  
76 Clients unable to afford car repairs  
42 Clients no license or license suspended  
36 Clients no access to transportation  
34 Clients no car insurance

Over the last 12 months clients had lack of transportation:

107 Clients response was yes  
238 Clients response was no

Primary mode of transportation:

33 Bicycle  
24 Bus/subway  
201 Car  
106 Walking  
50 Ride with family/friends  
14 Taxi

**Niagara Community Action Program, Inc. offers referrals to:**

- The New York State Unemployment office who offers tokens to eligible clients for the public bus system to get to a job or for a job interview.
- Transportation concerns are addressed by the Greater Buffalo/Niagara Regional Transportation Counsel developed in 2011.
- Help clients was inquiring if their health insurance provides transportation to medical appointments.

**Accomplishing National Performance Indicators as follows:  
CNPI 3i increase percent of transportation services in the identified community.**

**Needs Assessment  
Child Care Results**

Over the last 12 months , problems getting or keeping adequate child care:

Problems

- 22 Weekend care not available
- 46 Evening care not available

Currently use the following to meet child care needs:

- 23 After-school program
- 74 Parent, family friends, or neighbors
- 11 Informal/unregistered provider/babysitter
- 8 Registered/licensed child care provider
- 19 Children are old enough to be left on their own
- 6 Day care center

Client challenges faced with children:

- 282 Not applicable - no children at home
- 19 Emotional and behavioral problems
- 11 Victim of bullying
- 12 Tobacco/alcohol use
- 3 Weight or eating habits
- 4 Trouble with law enforcement

- CCR&R offers low income parents/care givers appropriate and affordable day care and before/after school care referrals in order to gain/maintain employment.
- Low income providers are offered training/technical assistance necessary to become self employed childcare providers.
- CACFP offers a reimbursement to family day care providers who provide low income children with nutritious meals.

Accomplishing National Performance Indicators as follows:

- CNPI 2d Low income households will enroll their children in before/after school child care programs.
- CNPI 2a Low income households will enroll their infants, toddlers, preschoolers in affordable child care programs.
- FNPI 1b Low income providers become registered and self-employed child care providers.
- FNPI 5e Providers will show an increase in their knowledge of child development and gain new skills.
- FNPI 5b Low income children will receive nutritious meals.

### Jobs Results

Adults currently employed in household (18+):

- 171 Unemployed
- 52 Retired
- 43 Looking for work

Clients reasons for not finding/keeping a job:

- 351 No problems, have a job
- 32 Not enough jobs available
- 86 Mental/physical disability
- 13 Transportation
- 33 Caring for children
- 6 Drug/alcohol problems
- 11 Not the right job skills
- 5 Criminal history
- 31 Need proper clothing for work
- 19 Need tools/equipment for work

**Niagara Community Action Program, Inc. offers Job Readiness/ Employment Assistance through our Neighborhood Outreach offices by:**

- Offering low income individuals the opportunity to participate in job readiness/job training in order to secure and maintain long-term employment in support of family stability.

Accomplishing National Performance Indicators as follows:  
FNPI 1b Unemployed adults obtain employment (up to a living wage.)  
FNPI 1c Unemployed adults obtained and maintained employment for at least 90 days.  
FNPI 1h Employed participants in a career-advancement related program who entered or transitioned into a position that provided increased income and/or benefits.

**Income Related Results**

Estimated Annual Household Income:

- 144 - \$0 - \$10,000
- 115 - \$10,001 - \$20,000
- 109 - \$20,001 - \$30,000
- 66 - \$30,001 - \$40,000
- 30 - \$40,001 - \$50,000
- 20 - \$50,001 - \$60,000

**Niagara Community Action Program, Inc. offers assistance to clients through our Neighborhood Outreach Centers by:**

- Helping low income clients to maintain employment.
- Helping to increase employment income and or benefits.
- Helping with budget counseling and asset management.

Accomplishing National Performance Indicators as follows:  
FNPI 3a Individuals who achieved and maintained capacity to meet basic needs for 90 days.  
FNPI 3g Individuals who increased their net worth.  
FNPI 3h Individuals engaged with the Community Action Agency report improved well-being.

**Niagara Community Action Program, Inc. receives or provides referrals to the following agencies:**

Niagara County Office for the Aging	Gaskill Preparatory School

YWCA of the Tonawanda's	Lockport Family Focus Group
Niagara Falls High School	Grigg Lewis Foundation

**Accomplishing National Performance Indicator as follows:**

**4. Partnerships among supporters and providers of services to low-income people are achieved.**

## **SUMMARY**

The raw data collected throughout Niagara County from the 2019 Comprehensive Needs Assessment conducted by Niagara Community Action Program, Inc. was reviewed, analyzed and discussed by the Needs Assessment Committee on November 8, 2019 and November 14, 2019 along with the comparative data from the New York Community Action Association Poverty Report 2019, Niagara County Census 2013 – 2018 and the American Community Survey 2016.

Based on the New York State Poverty Report 2019 conducted by the New York Community Action Association, Niagara County has a population of 212,675 of that population, 13.4% or 28,070 individuals are living in poverty. There are 35 counties in New York State whose poverty rate exceeds 13.6%. However, the population in these counties are considerably less. For example, Cortland County has a population of 48,334 with a county poverty rate of 14.7% and there are 6,573 individuals living in poverty. Another example is Delaware County with a population of 45,950. The county poverty rate is 16.5% or 7,187 individuals are living in poverty. Even though the percentage of poverty in these examples is close to the percentage in Niagara County, the population of impoverished in Niagara County far exceeds the examples in these other counties. This confirms the need for programs/services that promote self-sufficiency and independence.

Comparative data regarding Education and Poverty from the American Community Survey 2010 – 2014, Niagara County Census 2013 – 2017 and New York State Community Action Association Poverty Report 2019 suggests that when higher education decreases, there is the possibility of an increase in the rate of poverty. Through educational support services and strong partnerships with schools and universities in Niagara County, impoverished individuals are encouraged to pursue higher education.

Niagara Community Action Program, Inc.'s 2019 Comprehensive Needs Assessment was completed by 609 individuals with outcomes that reflect 319 clients who are white/Caucasian living in poverty. Based upon the 2019 Poverty Report through the New York State Community Action Association, there are 19,336 white/Caucasian individuals living in poverty in Niagara County.

Also, based on the 2019 New York State Community Action Association Poverty Report, the median household income for a male with a high school diploma is \$40,260 and a female median income with a high school diploma is \$24,724. According to this data, females make less income than males with a high school diploma. Furthermore, 41.2% of females who are head of household with children are living in poverty.

Our 2019 Comprehensive Needs Assessment data and the 2015 Niagara County Census shows English is the primary language spoken in households in Niagara County, therefore, not creating a language barrier.

Our 2019 Comprehensive Needs Assessment and the 2018 Niagara County Census regarding age and poverty reflect that there are more children under the age of 24 living in poverty. Acknowledging this data, we have partnerships with local schools, universities and other community based organizations to address childhood poverty.

According to our 2019 Comprehensive Needs Assessment data, most low-income clients in Niagara County reside in the 3 cities of Niagara Falls, Lockport and North Tonawanda. Of those 65% rent a home and 35% own a home. Our 2019 Comprehensive Needs Assessment data states that 121 clients own a single family home, 140 clients need minor repairs and of those 61 clients cannot afford to make needed repairs. 84 clients cannot afford their heat and electric bills.

As noted, Niagara Community Action Program, Inc. collected raw data from a wide range of sources. They included clients, public officials, faith based organizations, educational institutions, partners, board members, and staff to substantiate our findings and provide recommendations.

The data collected by Niagara Community Action Program, Inc. was compared to the data presented in the 2019 New York State Poverty Report, the Niagara County Census and the American Community Survey. This data confirms the need to continue development of priorities identified in the programs/services of the agency's work plan and strategic plan.

Based upon the agency's mission which is to reduce poverty in a collaborative effort by initiating and conducting programs of self-sufficiency and to empower individuals and families to reach their fullest potential, we continue to provide the following programs//services: emergency food, clothing, budget counseling, asset management, in-house weatherization, home repair, child care referral, training, registration, meal reimbursement for children, health and safety start-up items, nutrition outreach, education and advocacy, on-the-job training, fair housing, back rent/mortgage/utility payments, landlord/tenant resolution. Our clients are networked from one service to another (depending upon need) for complete one-stop shopping or out to partner organizations for complementary services.

# APPENDIX

## Mobile Safety Net Team – John R. Oishei Foundation - Findings for Niagara County City of Niagara Falls

### Strengths

- 114 Service Providers in the City of Niagara Falls
  - There are at least 4 providers in each of 16 categories of programs and services listed.
    - Information/Referral
    - Education/Training
    - Youth Programs
    - Health/Wellness
    - Mental Health/Addiction
    - Food
    - Financial Literacy
    - Clothing
    - Crime/Safety
    - Housing/Utility
    - Senior Programs
    - Transportation
    - Teen Parent Programs
    - Veteran Services
    - Legal
- Nearly half or more of providers offer education and training, youth activities, health/wellness programs.
- Most service providers are located in high poverty neighborhoods within one mile of thousands of individuals living in or near poverty.
- Nearly 90% of providers are within ¼ mile of a bus stop.

### Gaps in Services

- Compassionate service delivery is largely missing.
- Early intervention services for young children.
- Identified substance abuse.
- Affordable, flexible childcare.

### Barriers in Connecting with Residents

- Human services delivery is not closely enough aligned with economic development.
- Lack of awareness by residents. Sometimes residents have misperceptions and believe they are ineligible for services they qualify for.
- Multiple barriers to work.
- Transportation

## Town of Newfane

### Strengths

- Nearly two dozen service providers are located in Newfane.
- Services for children are most common.
- Most providers are located within one mile of hundreds of residents living in or near poverty.
- Information and referral is one of the most common services in Newfane.
- Programs that offer food are perceived by providers as some of the strongest programs in the community.

### Gaps in Services

- There are few if any options in Newfane for getting places for those without a car.
- Providers and/or residents do not know who does what or where to go for services.
- No housing for the homeless, no free legal services, no teen parent programs, no resources for mental health and addictions,

### Barriers in Connecting with Residents

- Transportation is the largest barrier that providers say residents face in connecting with helpful programs and services as well as jobs.
- Connecting with target audiences and disseminating helpful information to residents often challenges providers.
- Fragmented information systems create barriers to more coordinated, efficient service delivery.

Niagara Community Action Program, Inc. is a part of representatives of public and private human service providers throughout Niagara County taking part in focus groups to gather a perspective on needs, barriers and strategies for improving client services and help the at-risk population become more self-sufficient. Niagara Community Action Program, Inc. is a part of the following focus groups:

- Niagara County Coalition for Services to Homelessness
- Continuum of Care
- Niagara Falls Housing Sub Committee
- Human Services Coalition
- Lockport Family Focus Group
- Financial Literacy Coalition
- Food & Hunger – Town of Newfane
- Healthy Niagara Falls Housing Committee
- Workforce Investment Board
- Lockport Human Services
- Tonawanda Human Services
- Creating a Healthier Niagara Falls
- HUB – North Tonawanda

By attending these focus groups, Niagara Community Action Program, Inc. learned the demographics of the county, the at-risk population, their needs and urgent concerns, the utilization of service benefits and the barriers to support services. All information is used to improve the landscape of services providing insights and recommendations.
